

Having fun while they learn !

### Specially Designed Program

Exercise and training done to music.

While playing games, students learn coordination, balance, teamwork, and become self confident. Students are assigned small "homework tasks" that help involve parents in their child's success.

### Students learn more than Karate

- ◆ *Self discipline.*
- ◆ *Team playing.*
- ◆ *Achieving short term goals*
- ◆ *Coordination.*
- ◆ *Respect for themselves and others !*
- ◆ *Protecting themselves from strangers*
- ◆ *Some Japanese is taught to introduce students to a foreign language.*

## Little Tigers Karate

**Ages 4 to 6 years old**

The goal of the Golden Pyramid is to offer superior training in a small class environment. Many of our techniques use modern training methods to achieve maximum flexibility, speed, and agility. Our instructors teach the individual not the group. In our youth and little tigers program the foundation for The Pyramid begins; this continues to the very top with our adult programs. Our students are taught to respect themselves and to rely on their abilities. Role playing is done with the younger students to teach values. Short term and long term goals are set to focus on results. Positive reinforcement replaces barking of commands and orders. The “I can’t” attitude is replaced with the “I can”.

*We build the future through the young people of the world.*

### PROMOTIONS

---

### RANKING SYSTEM

---

Our program has a complete ranking system to encourage our students to practice harder. We set both short and long term goals for the students to achieve.

Students can earn “star patches” for completion of skills. Achievement patches are awarded for improvements in report cards.

Our goal is to motivate your child in a positive direction.
